Samui Elephant Sanctuary

About

Samui Elephant Sanctuary is the first elephant sanctuary established on Koh Samui. It offers tours that educate about the importance of these phenomenal, majestic giants, with a unique opportunity to feed, walk with, and observe our elephants as they forage, socialize, and play in their fabulous purpose built pool.

The elephants under the park's care have previously endured a hard life working long hours for the tourism entertainment or logging industries; a striking contrast to the happy and peaceful lives they are now living, with the dignity and respect they deserve.
